

Indirect-MRO Group

**To: Those interested in the Indirect-MRO Buy
From: Michael Smith, Chairman, ISM Indirect MRO Group**

Indirect-MRO Group Special Event Notice

**- Eleventh Annual ISM Indirect-MRO Group Conference & Workshops –
September 29-30, 2008
Grand Hyatt—Denver, Colorado**

I want to follow up on the recent mailing of the Indirect-MRO Conference brochure.

Every organization is involved in indirect sourcing, and this memo is for those interested in advancing their skills in this area. If you cannot attend, perhaps you would like to recommend this event to someone else in your organization. The two-day conference, with workshops the day before and the day after, is to be held in Denver at the Grand Hyatt Hotel (heart of downtown area). Put this on your calendar and join fellow professionals at the conference. I hope to see you there!

This year's program features a mix of real company case studies, emerging business issues, and best practices that will pay off in your operation. All attendees receive continuing education hours.

The brochure and registration information are now available at:
